E MAIL

OK!~ There seems to be a problem with the Email request. We are hoping that most families will agree to go via email for their newsletter because the school is trying to cut back on the cost of paper usage and helping the school go 'green'. We have received forms from numerous families with both email and signatures on the other form starting the hard copy is what you want.. If I have both, I am going to use the email address that I received from you that was on the yellow sheet that you filled out because that is the wish of the Board of Education and the Office. Hoping to get this new email project off and running AFTER Labor Day.

FSP/HOT LUNCH PROGRAM
